Corporate Psychic Entertainers

Psychic entertainment for events is as popular as ever. Have you ever considered engaging a psychic entertainer for your private party or corporate event, but wondered exactly what they do and just how they will entertain your guest?

Fortune telling for fun employed by your party psychic will come in various forms and flavors. Some forms rely on arcane divination tools or evocative visual aids. Many people have no idea just what a party psychic will actually do to engage and entertain guests, and although this may vary from psychic to psychic, they may employ some or all of the following:

Tarot Cards

When most people think of fortune tellers or party psychics, their first and most common thought is of Tarot Cards. Tarot is arguably the most common form of fortune telling party entertainment. Tarot decks consist of 78 cards; 22 major arcana and 56 minor arcana. Rich in imagery and universal symbolism, they capture the imagination and engage the senses, setting the mood for intrigue.

Palmistry

Palmists read your hands and gain information about your personality and fortuitous phases, by analyzing the shape and lines of your hands, wrists and fingers, it is extremely popular with guest at all manner of events.

Psychometry

Divining information about people or events associated with an object solely by touching and holding the object. Metal, gold, silver or even car keys are often used, as it holds on to energy and psychic vibrations easily. However almost any material or object owned and kept close to its owner, e.g.. a leather wallet or purse can be employed to some degree. Psychometry is an excellent way to liven up your party or special event.

Graphology

Contemporary skilled psychics may also be trained in the art of graphology and are able to analyze the unique qualities of an individuals handwriting. They will look at such things as the weight of your line, the

slant, shape of letters, margins, & much moreâ?!. Handwriting analysis is not fortune telling as such, but itâ? is fun and very entertaining! Considered both an art and a science by many, Graphology is more usually known as handwriting analysis, the analysis of the psychological structure of the human subject through their handwriting. It can be very revealing.

Aura Reading

The aura is viewed by a psychic as the energy field that surrounds the body, but it actually extends throughout and beyond our bodies by many feet. Your entertainer is said to be able to see and describe to your guests, what is going on in your auric field, many guests are spellbound by this form of psychic ability.

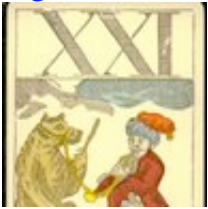

Psychic Readings

Either privately or on a public platform, a psychic clairvoyant may dumbfound your guests by providing fact after fact accurate and personal fact about your guests. The guest may be astounded as the psychic provides this information seemingly from thin air. It appears that a host need not worry about their guests beliefs of attitude as across the board of opinions guests seem to very much enjoy this form of entertainment. Skeptics or not, attendees across the spectrum delight in this unusual form of entertainment.

Tarot is not only a divinatory art

I think it would be good if more articles would inform us of the game playing uses of Tarot cards. The Tarot was in fact intended for card playing and many people in European countries especially in France play a card game with a Tarot deck. Tarot is also a family of card games with a fixed trump suit.
